ENGLISH

Always With Me

Somewhere, a voice calls, in the depths of my heart. May I always be dreaming, the dreams that move my heart.
So many tears of sadness, uncountable through and through. I know on the other side of them I'll find you.
Everytime we fall down to the ground we look up to the blue sky above. We wake to it's blueness, as for the first time.
Though the road is long and lonely and the end far away, out of sight. I can with these two arms embrace the light.
As I bid farewell my heart stops, in tenderness I feel. My silent empty body begins to listen to what is real.
The wonder of living, the wonder of dying. The wind, town, and flowers, we all dance one unity.
Somewhere a voice calls in the depths of my heart, keep dreaming your dreams, don't ever let them part.
Why speak of all your sadness or of life's painfull woes. Instead let the same lips sing a gentle song for you.
The whispering voice, we never want to forget, in each passing memory always there to guide you.
When a mirror has been broken, shattered pieces scattered on the ground. Glimpses of new life, reflected all around.
Window of beginning, stillness, new light of the dawn. Let my silent, empty body be filled and reborn.
No need to search outside, nor sail across the sea. Cause here shining inside me, it's right here inside me.
I've found a brightness, it's always with me.

Always, Again and Again

You're calling, somewhere deep in my heart. I want to keep dreaming things that make my heart dance.
My sorrows are too many to count, but somewhere beyond them, I'm sure I'll be able to meet you.
When they keep repeating their mistakes, people know only the blueness of the blue sky.
I can try to continue down this endless road, but these two hands of mine can embrace the light.
When we said goodbye, my heart went still. With my body turned to zero, I'm able to listen.
The mystery of living, the mystery of dying. They're the same for the flowers, the winds, the cities, all of us.
You're calling, somewhere deep in my heart. Let's keep dreaming dreams, always, again and again.
Instead of counting out every last one of our sorrows. Let's sing softly with the same lips.
Amid my closing memories, I still hear that whisper I never want to forget.
Even in the pieces of a shattered mirror a new landscape is reflected.
On this morning of beginning, my window is silent. Body turned to zero, be filled to the brim.
I won't keep looking beyond the sea
Because I found that the shining thing I sought
Has always been here within me.
